## 4.4 **Electrode Holders**

## **Electrode Holders & Filters**

BY-PASS SENSOR HOLDER DLG 2 TYPE   for 25mm CLE, CTE etc. and 2 x PG13.5 probe with sight glass, sample valve, mounting   bracket, 8 x 5 tube inlet and outlet. Includes 791818. mounting kit for CLE, CTE etc   PA03023238	
	-
BY-PASS SENSOR HOLDER DLG 5   High iron, dirty water appications for use with 25mm CLE, CTE etc. Includes 1 x 25   mm port, and 2 x PG13.5 ports for pH and Pt100 sensors (if required), mounting   bracket, 8 x 5 tube inlet and 16mm hose outlet, mounting kit 791818. for CLE, CTE etc.	÷
	ProMisent
ROTAMETER & FLOW SWITCH FOR ABOVE P86515T	0   4
BY-PASS SENSOR HOLDER DLG 9   For use the the sample flow is unfilled with suspended food fragmentse.g lettuce / salad.   For use with the 25mm CLE, CTE etc. Includes 1 x 25mm port for sensor and 1 x PG13.5   ports for pH and PT100 probe (if required), mounting bracket, 2 x 3/4" PVC nipples, 1 x   PVC 3/4" ball valve, large drain outlet and nut and mounting kit 791818 for CLE, CTE PA03003436	
ADD FLOW CONTROL MARIC 33 L/HR ASSEMBLY (NOT REQ'D FOR POOLS)	
20x1.5 F to 15mm Solvent Weld - <i>including MARIC insert assembly</i> PA27002656	
20x1.5 F to 15mm Solvent Weld - including MARIC insert assembly PA27002656   20x1.5 M to 20x1.5 F - including MARIC insert assembly PA27002657	
20x1.5 F to 15mm Solvent Weld - including MARIC insert assembly PA27002656   20x1.5 M to 20x1.5 F - including MARIC insert assembly PA27002657   20x1.5 F to 1/2" BSPT M - including MARIC insert assembly PA27002805	
20x1.5 F to 15mm Solvent Weld - including MARIC insert assembly PA27002656   20x1.5 M to 20x1.5 F - including MARIC insert assembly PA27002657   20x1.5 F to 1/2" BSPT M - including MARIC insert assembly PA27002805   Iote: If using a Maric Valve you MUST use an in-line filter. The following Filter Assemblies can be used for Pool and Industrial, and can be used in	
20x1.5 F to 15mm Solvent Weld - including MARIC insert assembly PA27002656   20x1.5 M to 20x1.5 F - including MARIC insert assembly PA27002657   20x1.5 F to 1/2" BSPT M - including MARIC insert assembly PA27002805   Iote: If using a Maric Valve you MUST use an in-line filter. The following Filter Assemblies can be used for Pool and Industrial, and can be used in conjunction with all of our Sensor Holders and Flow switch.	
20x1.5 F to 15mm Solvent Weld - including MARIC insert assembly PA27002656   20x1.5 M to 20x1.5 F - including MARIC insert assembly PA27002657   20x1.5 F to 1/2" BSPT M - including MARIC insert assembly PA27002805   Iote: If using a Maric Valve you MUST use an in-line filter. The following Filter Assemblies can be used for Pool and Industrial, and can be used in conjunction with all of our Sensor Holders and Flow switch. • Max.working pressure 10 bar	
20x1.5 F to 15mm Solvent Weld - including MARIC insert assembly PA27002656   20x1.5 M to 20x1.5 F - including MARIC insert assembly PA27002657   20x1.5 F to 1/2" BSPT M - including MARIC insert assembly PA27002805   Iote: If using a Maric Valve you MUST use an in-line filter. The following Filter Assemblies can be used for Pool and Industrial, and can be used in conjunction with all of our Sensor Holders and Flow switch. • 1/2" BSP threads   • Max.working pressure 10 bar • 1/2" BSP threads • Filtering capacity 55 I/m at .5 bar	
20x1.5 F to 15mm Solvent Weld - including MARIC insert assembly PA27002656   20x1.5 M to 20x1.5 F - including MARIC insert assembly PA27002657   20x1.5 F to 1/2" BSPT M - including MARIC insert assembly PA27002805   Iote: If using a Maric Valve you MUST use an in-line filter. The following Filter Assemblies can be used for Pool and Industrial, and can be used in conjunction with all of our Sensor Holders and Flow switch. • 1/2" BSP threads   • Max.working pressure 10 bar • 1/2" BSP threads   • Filter size 80 mesh • Sody fibreglass reinforced polypropylene   • Bowl transparent nylon • Viton gaskets	
20x1.5 F to 15mm Solvent Weld - including MARIC insert assembly PA27002656   20x1.5 M to 20x1.5 F - including MARIC insert assembly PA27002657   20x1.5 F to 1/2" BSPT M - including MARIC insert assembly PA27002805   Note: If using a Maric Valve you MUST use an in-line filter. The following Filter Assemblies can be used for Pool and Industrial, and can be used in conjunction with all of our Sensor Holders and Flow switch. • 1/2" BSP threads   • Max.working pressure 10 bar • 1/2" BSP threads   • Filter size 80 mesh • Body fibreglass reinforced polypropylene   • Nout transparent nylon • Viton gaskets	
20x1.5 F to 15mm Solvent Weld - including MARIC insert assembly PA27002656   20x1.5 M to 20x1.5 F - including MARIC insert assembly PA27002657   20x1.5 F to 1/2" BSPT M - including MARIC insert assembly PA27002805   20x1.5 F to 1/2" BSPT M - including MARIC insert assembly PA27002805   20x1.5 F to 1/2" BSPT M - including MARIC insert assembly PA27002805   20x1.5 F to 1/2" BSPT M - including MARIC insert assembly PA27002805   20x1.5 F to 1/2" BSPT M - including MARIC insert assembly PA27002805   20x1.5 F to 1/2" BSPT M - including MARIC insert assembly PA27002805   20x1.5 F to 1/2" BSPT M - including MARIC insert assembly PA27002805   20x1.5 F to 1/2" BSPT M - including MARIC insert assembly PA27002805   20x1.5 F to 1/2" BSPT M - including MARIC insert assembly • 1/2" BSP threads   • Max.working pressure 10 bar • 1/2" BSP threads   • Filter size 80 mesh • Body fibreglass reinforced polypropylene   • Bowl transparent nylon • Viton gaskets   Filter only 2240T0235   Filter with 8x5 to 20x1.5F Kit P3240T0235-A	
20x1.5 F to 15mm Solvent Weld - including MARIC insert assembly PA27002656   20x1.5 M to 20x1.5 F - including MARIC insert assembly PA27002657   20x1.5 F to 1/2" BSPT M - including MARIC insert assembly PA27002805   20x1.5 F to 1/2" BSPT M - including MARIC insert assembly PA27002805   20x1.5 F to 1/2" BSPT M - including MARIC insert assembly PA27002805   20x1.5 F to 1/2" BSPT M - including MARIC insert assembly PA27002805   20x1.5 F to 1/2" BSPT M - including MARIC insert assembly PA27002805   20x1.5 F to 1/2" BSPT M - including MARIC insert assembly PA27002805   20x1.5 F to 1/2" BSPT M - including MARIC insert assembly PA27002805   20x1.5 F to 1/2" BSPT M - including MARIC insert assembly PA27002805   20x1.5 F to 1/2" BSPT M - including MARIC insert assembly PA27002805   20x1.5 F to 1/2" BSPT M - including MARIC insert assembly • 1/2" BSP threads   • Max.working pressure 10 bar • 1/2" BSP threads   • Element 316 Stainless Steel 27 dia x 69 • Filtering capacity 55 I/m at .5 bar   • Bowl transparent nylon • Viton gaskets   Filter only 3240T0235   Filter with 8x5 to 20x1.5F Kit P3240T0235-A   Filter with 8x5 to 20x1.5F with Maric Kit P3240T0235-B	
20x1.5 F to 15mm Solvent Weld - including MARIC insert assembly PA27002656   20x1.5 M to 20x1.5 F - including MARIC insert assembly PA27002657   20x1.5 F to 1/2" BSPT M - including MARIC insert assembly PA27002805   20x1.5 F to 1/2" BSPT M - including MARIC insert assembly PA27002805   20x1.5 F to 1/2" BSPT M - including MARIC insert assembly PA27002805   20x1.5 F to 1/2" BSPT M - including MARIC insert assembly PA27002805   20x1.5 F to 1/2" BSPT M - including MARIC insert assembly PA27002805   20x1.5 F to 1/2" BSPT M - including MARIC insert assembly PA27002805   20x1.5 F to 1/2" BSPT M - including MARIC insert assembly PA27002805   20x1.5 F to 1/2" BSPT M - including MARIC insert assembly PA27002805   20x1.5 F to 1/2" BSP threads • 1/2" BSP threads   • Max.working pressure 10 bar • 1/2" BSP threads   • Filter size 80 mesh • Body fibreglass reinforced polypropylene   • Viton gaskets • Viton gaskets   Filter only 3240T0235   Filter with 8x5 to 20x1.5F Kit P3240T0235-A   Filter with 8x5 to 20x1.5F with Maric Kit P3240T0235-B   Filter with 8x5 to 8x5 Kit P3240T0235-C	
20x1.5 F to 15mm Solvent Weld - including MARIC insert assembly PA27002656   20x1.5 M to 20x1.5 F - including MARIC insert assembly PA27002657   20x1.5 F to 1/2" BSPT M - including MARIC insert assembly PA27002805   Note: If using a Maric Valve you MUST use an in-line filter. The following Filter Assemblies can be used for Pool and Industrial, and can be used in conjunction with all of our Sensor Holders and Flow switch. PA27002805   • Max.working pressure 10 bar • 1/2" BSP threads Filtering capacity 55 l/m at .5 bar   • Element 316 Stainless Steel 27 dia x 69 • Filtering capacity 55 l/m at .5 bar Body fibreglass reinforced polypropylene   • Bowl transparent nylon • Viton gaskets Part No.   Stere only Sa40T0235 Pa240T0235-A   Filter with 8x5 to 20x1.5F Kit P3240T0235-A   Filter with 8x5 to 20x1.5F with Maric Kit P3240T0235-B	

Note: Systems require valve at sample take-off point, BR-B/V-TEE-MXF-15 Note: See also ProMinent DGMa units in section 6.0 'Yellow Pages'.
