

DULCONNEX Blue

Efficient and safe operation of pumps by smartphone

ProMinent®

The next generation of mobile product assistance from ProMinent – DULCONNEX Blue. The smart app enables intelligent pumps to be conveniently controlled by Bluetooth.

Technical Details

Key functions

- **Secure communication** – Simple authentication and coupling with supported devices for secure data exchange by Bluetooth interface.
- **Reliable remote control** – Simply operate ProMinent devices in hard-to-reach installation environments by means of secure remote control.
- **Intuitive design** – Pumps can now be operated even more conveniently thanks to the modern and multilingual user interface.
- **Always up to date** – The key information from all devices can be gathered at a glance on the clearly arranged dashboard. Information on current device status and performance data, as well as firmware updates, are available at any time.
- **Simple pump configuration** – Restore saved device configurations at any time and copy them quickly from one pump to others.
- **End-to-end documentation** – Automatic recording of key operating data in the log book and the integrated commissioning report help to comply with regulatory documentation obligations.
- **Direct access to product documentation** – Permanent access to the latest version of productspecific documents or relevant files.

Technical requirements

- Supported model with the latest firmware version
- Built-in Bluetooth module (Bluetooth Classic or Bluetooth Low Energy)
- Mobile end device with supported operating system (Android from version 9.0 ("Pie") or later and iOS from version 12 or later)

Supported devices

- Solenoid-driven metering pump gamma/X and gamma/XL with Bluetooth Classic module from firmware version: 02.05.06.02 or later with Bluetooth Low Energy module from firmware version: 02.06.01.01 or later
- Radar liquid level sensor DULCOLEVEL

Further modules will continue to be released in the future.
